SUMMARY

Web Developer with hands-on experience building responsive, user-friendly websites using HTML, CSS, and JavaScript. Currently pursuing an MCA, with a solid base in front-end development, UI/UX design, and problem-solving. Comfortable working with Git and GitHub for version control, and quick to pick up new tools, languages, and frameworks as projects demand. Looking for an opportunity to apply my web development skills in a real-world, team-based environment.

TECHNICAL SKILLS

Web Technologies: HTML5, CSS3, JavaScript, Responsive Web Design

Tools & Platforms: Git, GitHub, VS Code

Core Concepts: UI/UX Design, Cross-Browser Compatibility, Debugging, Web Development Fundamentals

Soft Skills: Problem Solving, Teamwork, Communication, Adaptability

PROJECTS

Personal Portfolio Website | *HTML, CSS, JavaScript*

- Built a personal portfolio website from the ground up to showcase projects and skills to visitors and recruiters.
- Made the layout fully responsive so the site works well on mobile, tablet, and desktop screens.
- Applied modern UI/UX design principles to improve page layout, readability, and overall look.
- Structured the codebase in clean, semantic HTML and CSS to keep the site easy to maintain and update.

EDUCATION

MCA (Pursuing) | Mangalayatan University, Aligarh

B.C.A. (Computer Applications) | Kashi Vidyapeeth, Varanasi

Class XII | CBSE Board

Class X | CBSE Board

CERTIFICATIONS

- Java FullStack with Cloud & GenAI Integration (Ducat India)

ACHIEVEMENTS & ACTIVITIES

- Solved 150+ coding problems on HackerRank and LeetCode, building strong logic and problem-solving skills.
- Took part in coding competitions at the college level.
- Active member of the college coding and tech club.
- Attended workshops on Artificial Intelligence and Web Development to stay current with new tools and trends.
